

GREYHAWK: STARTER SET ADVENTURES

Learn to play the world's greatest roleplaying game with an experienced Dungeon Master. Begin your first adventure in the world of Greyhawk which is where D&D was first played and was the original setting back over 50 years ago when it all began. You do not need any experience at all to join us for your very first adventure. The rules are kept to a minimum and you jump straight into the action while meeting interesting NPCs and combating evil monsters. Join us and learn how easy it is to get started playing Dungeons & Dragons.

WHAT DO I NEED TO START?

- You must have a discord account and join our server <https://discord.gg/dragonussogames>
- You must have a free account on D&D Beyond.
- A decent mic/headset so that you can communicate with everyone on Discord.
- You DO NOT need to know anything about mechanics, nor have you ever played before.
- You ONLY need your imagination and leave the rest to me.

WHO AM I?

Your story will be kept simple by giving you a range of simple 1st level characters for you to choose from. These premade characters can be chosen prior to play, and you will be able to edit their names and gender so that you can make them your own. We will say that you already know the other player characters with whom you will play and that you have come together and formed an adventuring party that is looking for fame and fortune.

THE BASICS

- Be sure to read over your character sheet prior to our session once you have chosen.
- The Free Rules can be found here: <https://www.dndbeyond.com/sources/dnd/free-rules/playing-the-game>
- You could skim over these but should read the Six Abilities, D20 Tests, Ability Checks, and Skill List.
- Do NOT look at your character sheet before deciding what to do. Instead, think about how you would like to react to a situation and then ask me what would be required to roll or do to perform this activity.
- Have fun and don't worry about what you don't know. We are here to learn and have a great time. The rest will come with time.

WHAT DO THESE CLASSES DO?

Here is a quick description of each character class:

Barbarian. Mighty warriors who are powered by primary forces that manifest as Rage.

Bard. Experts at inspiring others, invoking magic through music, dance, and verse.

Cleric. Draw power from the gods to work miracles. They heal and protect while battling foes.

Druid. Harness the magic of animals, plants, and the elements. They heal and transform into animals.

Fighter. They rule the battlefield. They share unparalleled prowess with weapons and armor.

Monk. They use rigorous combat training and mental discipline to align with the multiverse.

Paladin. Trained in combat they are sworn to stand against evil and corruption. They can also heal.

Ranger. Connected to the wilderness they are expert trackers and hunters and can work magic.

Rogue. They rely upon cunning, stealth, and getting the upper hand. They open locks and disarm traps.

Sorcerer. They wield innate magic from strange origins. They do not learn magic, but they are magic.

Warlock. They are binded by a pack with a powerful patron. They wield magic through them.

Wizard. They are scholars of magic. They learn through study and can cast powerful spells.

WHAT CAN I DO ON MY TURN?

- You may move up to your walking speed.
- You have an Action.
- You have a Bonus Action.

They are marked on your character sheet and it will tell you which you may perform on any given turn.

OUR TOOLS AND RULES

Tools. We will be using D&D Beyond for the character sheets and their MAPS VTT for combat and exploration. Our boosted Discord server will be used for chatting, announcements and voice channels for the game. We use Syrinscape for immersive background music and sounds.

Safety. The adventure shall be considered PG13 at most and there will be no abuse, disrespect, or intolerant behavior allowed. We are here to enjoy ourselves while learning to play and our Golden Rule is to be kind to everyone.

Rules. We will be using the 2024 D&D 5e ruleset and I will be keeping the details to a minimum as you learn to explore the world and what your abilities can do.
